

IDF Europe's T2D Platform

T2D Platform Development

Jessica Nastos

Project and Communication Coordinator

Rome | 12 Oct 24

Why a T2D Platform

The T2D Community is often...

Underserved

Stigmatised/ discriminated

Underrepresented

The T2D platform aims at improving **representation and engagement** of people living with T2D in advocacy initiatives, research projects and other programmes, especially at the pan-European level.

The platform is being developed in collaboration with IDF Europe Member Associations (MAs) and it will help support their advocacy work at national level.

During the last Regional Council:

Platform of People living with Type 2 Diabetes: T2D Platform

Overview

Jan-Feb:

recruitment from across Europe in collaboration with MAs

Short/medium-term

T2D platform running alongside IDF Europe's network of T1D advocates to enable it to fully develop on its own term

Long-term

One united diabetes community

Platform of People living with Type 2 Diabetes: T2D Platform

Next Steps: 2025

Continue ongoing efforts to engage, integrate and support the T2D members

Next Meeting of the T2D Platform Next recruitment phase

"Train the Trainer" programme

1-on-1 calls with associations

Implementation of the Training Curriculum

50-70 active advocates by Q4

In Person Meeting in Brussels, March 2024

T2D Platform Integration in IDF Europe Projects

- Speaker participation at EASD 2023 & 2024 symposium
- Participation in **ELPA advocacy training event** on Liver disease,
 Diabetes and Obesity
- Participation in Webinars and Events
- Participation in Editorial Board of several IDFE publications (T2D a
 preventable catastrophe, Upcoming: The use of CGM in Pre-Diabetes,
 T2D and Obesity;)
- Participation in Industry Advisory Panels
- Involvement in EU-funded Projects
- Strong engagement in IDF Europe communication campaigns
- Meeting with Policy-Makers

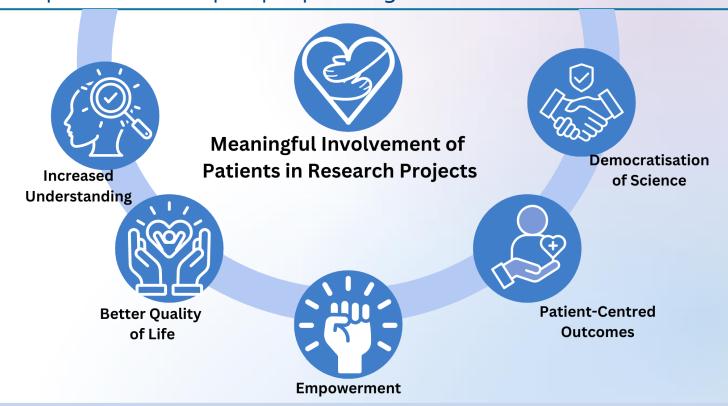

Patient Involvement and Engagement in Research Projects

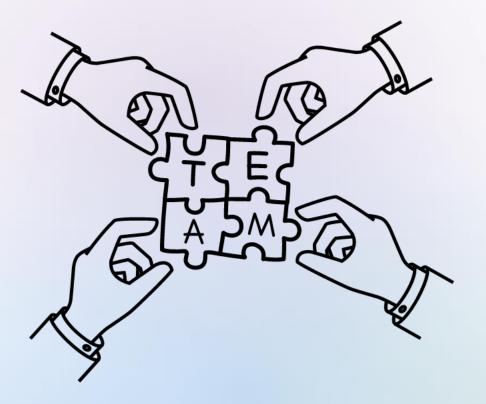

PwD make up the **Patient Engagement Panel (PEP)** at this Eu-funded project on decentralised clinical trials. They provided input at every step of the research project, and the panel is made up of people living with T1D and T2D.
