

# Uroš Bogdanovic

I am a 23-year old Master's student at the Faculty of Law at the University of Belgrade, Serbia. I have lived with Type 1 diabetes for 10 years. I am passionate about being a part of the international diabetes community. My participation at the YLC in 2016 was a life-changing experience and I have been involved in IDF Europe projects ever since, speaking at events such as IDF Europe Symposium at EASD and a World Diabetes Day debate at the European Parliament. I have been a member of YOURAH since 2017 and participated in several of its projects and webinars, such as EURmove.
