CONCLUSIONS
The good, the bad and the ugly truth
Voting for the ND Program - Yes - No
**Session 2:** Moderated by Valentyna Ocheretenko - UDF

**Discussion for searching a new solutions**

Questions:
1. Is an NDP a model for other NCDs’ programs? or a part of NCD Global Program?
2. The role of family doctors and patient’s pathways:
   Who is responsible for the persons with the NCD, including diabetes?
3. Where is a place of a national science?
4. Medications supply: Do we have some different details for each NCD. Is it possible to have a common solution?

**Roadmap:** "How to achieve an acceptance of the NDP"

**Session 3** Moderated by: Sehnaz Karadeniz (IDF Europe Chair); Valentina Ocheretenko (UDF)

To approve the APPEAL on the need to implement the "National policy on diabetes prevention and providing care to patients with diabetes for the period until 2025."
